

Pre-Installation Checklist

We're excited to get started! To help the install go smoothly, please help us by taking care of a few simple prep items before the team arrives.

- ☐ Please move furniture, valuables, and home décor away from the work area before our arrival.
- ☐ Please remove all window treatments (blinds, shades, drapes). Our team does not remove or install them.
- ☐ Have a clear staging space, approximately 20 feet x 20 feet, in the driveway or garage for tools and materials.
- ☐ Please keep children and pets away from work areas for safety.
- ☐ Trim landscape blocking window access to create a reasonable workspace.
- ☐ Please communicate with us in advance of the install regarding alarm systems.
 - Our team will disconnect window/door contacts as needed, but we will not reconnect them.
 - Please schedule reconnection with your alarm system provider, if required, to coincide with your installation date.

If you have any questions, please reach out to us at info@WindowAndDoorCenter.com or call us at (989) 684-9811.
